VICTORY BRINGS ITS OBLIGATIONS TO MAKE GOOD

We have the news that Oklahoma has gone into the Republican column with the full knowledge such success could not come to our standard without aid from those of other parties.

Unquestionably, the people of this state are opposed to the league of nations. Nothing could be more clear than that. In this they are in unison with an overwhelming majority of other citizens of these United States.

It is apparent that we have elected all of our state ticket. This is undoubtedly a rebuke to the state democratic machine, and brings with it responsibility. I ask of those who so kindly supported us in this campaign not to leave us too hastily; not to forsake us until our people have had an opportunity to prove that we meant what we said when we declared for good government.

I regard the expression of the people at the polls as a protest against extravagance; a protest against wrong doing in affairs of government. It will not be of value to the Republican organization to participate in affairs of state unless such participation brings about better conditions of affairs.

It is with satisfaction, not expectation, that I extend greetings to all of the people in Oklahoma who contributed to our great victory. It is not a little thing to have a sound strong party, but a sound strong party, that is the key to a better condition. I extend thanks of myself, the entire Republican organization and of the other organizations which stood with us during a campaign somewhat heated and in which feeling ran high.

No campaign manager was ever given more loyal support than was given by the thousands of men and women who labored for victory. There were times when it seemed impossible to overcome the majority, but, thanks be to the sound citizenship of Oklahoma, we won, and winning, we must be ready to serve as we promised.

Oklahoma is entitled to some government and efficient leadership. The political organization which brings other things to the fore should, and ought to, have a Republican, we owe a debt to our state, but, in addition, we owe to those of other parties who joined with us for a great cause, and we must fulfill these obligations, or we will fail in the future.

Let us trust that Oklahoma has arrived at the hour when a party based on an incompetent person does not mean a failure of office. We are citizens of a great commonwealth and we have the right to demand and expect the highest type of government. Jim Harris, chairman, Republican State Committee.

Taken Up—A red cow with white face, branded C V over bar on left side, a lazy J on left thigh and mark over left ear. Has been here about three weeks. Frank Langley, Beaver, Okla. 11-1811

Misses Jessie Keith, court clerk, and Hazel McFarland returned home the first of the week from a visit with friends at Hooker and elsewhere.

HIGH SCHOOL NOTES

Julius Ford, Reporter.

The school celebrated Armistice day with a program in the afternoon. Mr. Sweet gave a short talk on the importance of Armistice day and Mr. Leonard gave the poem, "In Flanders Field." This was followed by the song, "Over There," by the school. An impromptu program by the students completed the entertainment. The literary program has been dispensed with for the present for the preparation of a public entertainment to be given by the students.

Watch for the date. Next week is examination week. The exams will be given Tuesday and Wednesday of next week, Thursday and Friday, being holidays for good old Thanksgiving day. Christmas work will begin in the school Tuesday morning.

Senior Notes

The Physics class has been having an interesting discussion on inertia.

Several members of the Senior class and the class itself participated in the Armistice day program Thursday. Mr. Walker of the Southwest Engineering Co. was here Thursday soliciting orders for rings, pendants, pins, etc.

The Senior class ordered their rings at a large senior bazaar.

The psychology class is having its tests on observation.

The English history class is working diligently on its note books.

The senior class has had no member absent for this six weeks. We're proud for that 5 per cent. We don't have to exactly have to have this because our average was over 90 the first six weeks, but we say it to the lower classmen that we consider it quite an honor.

Substitute Reporter.

Junior Notes

The American history class has been writing themes. They have also been reviewing some.

The English history class was surprised with a test last Friday morning. The seniors were very unfortunate in being absent from class during review of the material.

Armistice day was celebrated by an impromptu program rendered by the school. The Junior class was called upon for ten minutes of entertainment. We feel sure that this part of the program was very good and enjoyed by all.

The psychology class has been having some interesting observations. Some of these observations show how much of our grammar we really have learned.

Derrell Smith was absent from the American history class.

The Juniors are all looking forward with pleasure (?) to the next six weeks' examinations.

Impromptu Reporters.

Sophomore Notes

Tuesday morning the Sophomores have a short program in chapel. It consisted of class songs, a class poem by Ella Vandenberg, a reading by Floyd Hancock. This was our second program this year.

Mabel Humphrey was absent a day this week.

We are almost sure that the seniors will get the 5 per cent added to their grades this six weeks because of their attendance. But we do not envy them at all for we are sure they need it more than we do.

The Sophomores ordered their class play Thursday.

We certainly enjoyed the impromptu program that was given Armistice day by the high school.

We were very pleasantly entertained with a quiz in history Friday evening. We wish those juniors could come more often.

The Sophomores are anxiously now awaiting the six weeks examinations to see how much we have learned, especially in geography.

Our class president has arrived at school and we are sure that there isn't a doubt but that it is the prettiest woman in school.

Ruth Kendrick, Reporter.

Professor R. C. Shifflet filled the speakers place in chapel last Wednesday morning and his message was unusually interesting and educational.

George Royston, a former student, is with us again and we are glad to see his smiling face once more.

Several of the P. A. I. boys are ill this week, but we hope they will be fully recovered in time to eat turkey with us on Thanksgiving.

Yes, Goodwell is an up-to-date town. We the students of P. A. I. offer you an educational, entertaining and amusing picture show every Friday and Saturday night. Come, bring your friends and enjoy the fun.
